Be cool! Be Aerocool!

STRIKE GT-500SG

POWER SUPPLY

Italian “Gran Turismo” aka “GT” in automobile means high-performance luxury sport car designed for long-distance driving. In 2012, Aerocool presents whole new “GT” series power supply for long-time cyber battle by your unique and fancy gaming system. Two rails of 12V balance electric protection and huge gaming 12V load with high-end device compatibility. High efficiency certified by official 80Plus Bronze and Gold, thermal smart fan control with low noise keep cool inside of PSU for none-stop gaming. GT power will also carry you on the leading trend of gaming fashion.

- Scheme “GT” designed for long-time loading gaming PSU with luxury outlook.
- Compatible with ATX12V 2.3 and EPS12V 2.92.
- Low noise white 13.9cm fan with intelligent fan speed control.
- 80Plus Gold certified efficiency up to 92%.
- Smart modular cables with flat wires reduce the cable mess inside chassis and optimize air flow of your system.
- One 12V 4+4pin CPU connectors support extreme high-end gaming and workstation motherboard.
- Two PCIe 6+2pin connectors support single high-end VGA card.
- Active Power Factor Correction (PF>0.99).
- Extremely good voltage regulation (±3%) provides steady power input.
- Low ripple/noise DC output increases performance and decrease interference by clean power.
- High reliability: MTBF>120,000 hours.
- Low standby load meets ErP Direction 2013 version.
- Protections: Over Current(OCP), Over Voltage(OVP), Over Power(OPP), Over Temperature(OTP), Under Voltage(UVP), Short-Circuit(SCP), and Surge/Inrush current protections(SIP).
- Safety / EMI Approvals by CE, FCC, TUV.
- 3 years warranty.

Cables:

20+4 PIN x 1
8 PIN & 4+4 PIN
HDD 4 PIN x 4
FDD 4 PIN x 1
SATA x 8
PCI 6+2 PIN x 2

INFORMATION	
Reference:	GT500SG
EAN Code:	4710701450036
Product Dimensions:	287x273x125mm.
Weight:	3 K.
Units/Box:	4 Units
Units/Palet:	80 Units
